### ***Reasons for allowance***

The following is a statement of reasons for allowance:

Upon further consideration, the inclusion of the claimed core for a printhead assembly, as claimed in the combination, is not found in the prior art. This difference is considered patentable over the prior art and reflects an improvement in the field of endeavor since the following claim limitations reflect an improvement in the field of endeavor and over the prior art of record.

With respect to claim 1, the primary reason for allowance is the recitation of the claimed combination: A core for a printhead assembly, the core comprising: an extruded and elongated body having a plurality of interior reservoirs, the reservoirs each having an ink exit opening, the openings converging into an area adapted to receive a printhead via bond.

Application No. 10/713067 appears to be in jeopardy of double patenting when this Application No. 10/713088 issues. Nevertheless, an extensive and exhaustive search by the Examiner revealed no patent or other non-patent literature which anticipate the claimed combination, disproved novelty of the claims, or deemed the claims to be obvious.

Hence, the independent claim is allowed, and the dependent claims are allowed since they depend from an independent base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

preferably accompany the issue fee. Such submissions should be clearly labeled

"Comments on Statement of Reasons for Allowance."

### ***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Williams, Esq. on June 1, 2001.

The application has been amended as follows:

#### **In the claims:**

In claim 3, on line 3, changed "the" (first occurrence) to --a--.

In claim 12, on line 3, changed "the" (both occurrences) to --a--.

In claim 14, on line 3, changed "the" to --a--.

The amendment was provided in order to provide antecedent basis to all claimed elements.
